THE  
**PRAETORIANS**

You should join this grand order now.

WHY?

1. Because your loved ones need protection.
2. Because it is a Texas Order.
3. Because it is in a healthy, growing condition.
4. Because each year its income far exceeds its disbursements. Last year income exceeded disbursements \$53,985.
5. Because your certificate is backed by a rapidly growing reserve of nearly \$900,000.
6. Because this reserve is invested in the 16-story Praetorian Building—the most modern office building in the South—valued at \$400,000, and from which the Praetorians receive a rental in excess of \$40,000 per annum which is more than 10 per cent on the investment.
7. Because the rates are level and have never been changed. The rates are based on the N. F. C. tables and 5 per cent interest, and are, therefore, scientifically correct.
8. Because it is about one-third cheaper than Old Line Insurance and just as safe; the difference being in the item of expense. Statistics show that, on equal amounts of insurance the expense of Old Line companies is about ten times greater than the expense of Fraternal Orders.
9. Because our plan is reasonable and scientific, rather than unreasonable and exorbitant.
10. Finally, because your friends and neighbors and hundreds of others prominent in Texas affairs are already members and are proud to be called Praetorians.

**Eye Man and Doctor.**

These tired eyes of yours, which are so often, yet almost never, closed, are the cause of their pain and of their blindness. They are the cause of their blindness, but there still comes a time when they will be closed forever.

Here are a few signs—blurred vision, double vision, halos around lights, dimmy feeling while reading—warning of Old Eye trouble. If you have any of these signs—Fading or sparkling—burning or itching—tearfulness or dryness of the eyes—Foggy or watery vision—Night vision—Double vision—Blurred vision or Bright Light feeling before the eyes—Pain in the eyes or in the head—Many symptoms.

Just think it over. I fit glasses for defective vision and eye trouble—that's all, but a little piece of glass will work wonders.

I charge nothing for consultation. If glasses are not needed, I will tell you; if they are I will furnish them at a reasonable price. A blind man is not a man. Neither can you relieve the strain by "hoping your eyes will become stronger." Weak eyes, when in need of glasses, always go blind, if not treated.

D. S. HEARN, Graduate Eye Sight Specialist, with Jno. M. Caldwell.
